A citizen claims to have attended theatre at Denver last night with Frank Hartman, for whom Longmont appears to yearn and who left his family some days since and had not been heard from. Our informant says that Hartman is taking the Keeley cure at Denver.

C. H., A. R., L. C., J. W. and James Payne, who met here under sad circumstances, are five brothers who had not met before for twenty five years as an entire brotherhood. Of these all but one of those who live in the east have returned home since the funeral, Mr Bert Payne remaining with his brother, Chas. H., until Monday next.

J N. Williams has been in Iowa, for a couple of months and returned home yesterday. Though Mr Williams speaks guardedly it is known that arrangements have been made for resumption of work upon his excellent property, the Golden Eagle. This is one of the best mines in Boulder county having a fine history as a gold producer and systematic development alone is required to make it one of the heaviest producers of Colorado.

Secretary J. W. Freeman of the Colorado Texas Chautauqua arrived from Denver to consult the executive committee today. Mr Freeman said that one of the surprises of the year would be the fine band and orchestra that will be provided, the committee being in correspondence with one manager in Kansas City and two others in Chicago, one of which will be selected, and all of which have a national reputation There has been no correspondence with Professor John Behr this year.

At the conclusion of the feast Mr and Mrs Fisher were presented with a beautiful picture, Hoffman's "Portrait of Christ," as a little remembrance from the ten present.

COAL—Don't delay putting in your winter's supply of coal Send your orders to the right place. You want satisfaction and the best way to make sure of it is to order the Superior coal from the Woollett Brown Lumber & Supply Co. No 1927 15th street.

Superior Coal at Woollett & Brown's.

There is talk of a Shakespearean play by Dr. Callahan's Preparatory school students at Masonic Temple as a public library benefit, to raise funds to send a committee east.

The annual election of the Boulder County Democratic society will occur next Tuesday night. Those who went last night expecting to attend the election shortly learned that the wrong date had been selected. However, they had a meeting and it was resolved to give a literary program at an early date. A committee has the matter in hand.

The probabilities are that when the citizens of Boulder walk down street Monday morning, they will find the handsome new National State bank building occupied by cashier, tellers and bookkeepers and a shoe store moving into the bank's present quarters in Masonic temple. Possibly there will be some fracture of "Sabbath" customs, but it is about the only way known to remove a prosperous business institution while at the same time attending to the necessities of its patrons.

Frank Stickney of Longmont, and the Woody Mining company, operating at Jamestown vs. William and Norman Walker, for damages for taking ore from the Goldfinch, was tried before Judge Boughton and a jury in the district court yesterday. The Walkers had taken ore from a location of their own, the Little Bonanza, which intersects the Goldfinch. The jury was not convinced that they had taken any ore from the Goldfinch as charged and a verdict for the defendants was given. E. H. Park of Denver appeared for the plaintiff and Norton Montgomery for the defendant. The verdict was a notable victory for the latter attorney considering the prestige and cloud of witnesses on the side of the plaintiff.

Harry C. Holstein left for New York City this afternoon. Mr Holstein left this early in the winter because of his unprecedented large sales in the past month. He said before leaving that it so exceeded his expectations and so far led the sales of any year of his many prosperous years of business here, that he was compelled to go to the market at once to lay in a fresh supply. Mr Holstein's policy has always been to close out and carry over nothing from season to season. He believes in buying often and early and will lay in a stock that will surprise the natives. "Boulder is getting so metropolitan," said Mr Holstein to a Camera reporter, "that we are compelled oftener to go East, learn the fashions and study the markets than we were in even the recent past. The people of Boulder dress better year after year, and I propose in this and every trip I make to assist in promoting that developing taste for better things. But just wait and watch our space in the Camera after I return."

Mr Ingram's Assistants.

Clerk and Recorder-elect Ingram has asked the board of county commissioners to allow him three assistants in his office and has asked their confirmation of the following named: A. M. Hunter, deputy, Miss Nora Ingram, Miss Clara Feeny, Heretofore there have been but two regular assistants but Mrs Callahan was given permission to add to the force from time to time and says, what is apparent, that quite three are needed at all times.

"Welcome, Evil, If Thou Comest Alone."

One evil that cannot come alone is impure blood. If this as allowed, it is attended by kindred ailments galore. This condition means that every vein and artery of the body, instead of carrying to the organs a health-giving flow of life, is laden with a slow and impure fluid that is harming instead of healing.

It is unfortunate when there is "bad blood" inside of you. Hood's Sarsaparilla will not make enemies friends, but it will make "bad blood" good blood, and blood should be of the best quality. Hood's never disappoints.

Grip—*"After a severe attack of grip, my health was poor. I got no relief until I used Hood's Sarsaparilla, which did what was needed, purifed my blood." M. M. Stewart, Orizaba, Miss.*

Liver Troubles—*"My wife and I are advanced in years and have derived great benefit from Hood's Sarsaparilla for liver and stomach. We do not think of being without it and Hood's Pills." Hiram Hervey, Blissfield, Mich.*

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.
